

OL5:C the Big Softie

OL5:C is an adult male Lesser Black-backed Gull and in comparison to OL4:C he was completely docile. Certainly a tale of two gulls. He was caught in one of our nest traps on the Isle of Pladda off the south coast of Arran. His nest has three eggs. OL5:C weighs in at 765g and has a wing length of 399mm. He can be identified by his colour ring OL5:C.

Movements for 2018 below

We currently have a blip with the tag and the tracking website for this gull. We can see the data is being collected but can't view it visually. Once this is rectified we can show you where OL5:C has been hanging out.
